DeltaBlue is the official representative in Switzerland and Liechtenstein for Leipziger Messe.

As the official representative we market the diverse range of fairs which take place in Leipzig every year. We also support Swiss companies, organisations and authorities in their planning and visiting any exhibitions at Leipziger Messe.

What we offer to companies in Switzerland and Lichtenstein:

Arranging of exhibition space, organising group stands, filling out of application forms, correct entries in the show catalogues and technical assistance. We can also arrange temporary staff and interpreters for your stand, as well as arrange invitations to Germans with knowledge of the industry and trade companies to visit the stand.

What we offer to visitors:

Advanced sale of reduced price tickets and catalogues, delegation travel, information on travel arrangements, hotels and sights.

Our service is free of charge and we offer an opportunity to acquaint you to Leipziger Messe, whether you are interested as an exhibitor or visitor.

Stand 15. Mai 2017
